

Costa Brava Condominium of Belle Isle, Inc.

October 16, 2007

TO WHOM IT MAY CONCERN:

RE: Coast to Coast General Contractors, Inc.

Coast to Coast recently completed the concrete restoration and the repainting of our building and garages. Their work is above standard and our building looks great.

The most impressive part of the entire project, which is unusual in today's market, is the personal and individual attention given to all our residents that had a question or concern about the work. Mr. Nelson Gavin who is their point man and troubleshooter made sure that each concern was handled to the satisfaction of all involved including the board members, residents and management personnel. Mr. Michael Brandt, the Project Manager, stayed on top of the situation at all times and completed all the work to the engineer's satisfaction.

Having many years experience in property management and dealing with contractors, I must rate Coast to Coast General Contractors, as an A+ contractor and would highly recommend this company to anyone.

Very truly yours,

Zelma Iglesias
Property Manager
The Continental Group, Inc.
