To Whom It May Concern:

It is with great pleasure as the property of Harborside Condominium Portsview at the Waterways in Aventura, Florida, that I am writing this recommendation letter for Coast to Coast General Contractors, Inc.

This company was originally engaged to perform our building exterior concrete restoration, and painting. The project was going so well that the Association hired Coast to Coast to do the exterior and interior painting of our three (3) floor garage, and the striping of the parking spaces. This was a complete makeover from top to bottom.

Coast to Coast completed all work in record time minimizing my personal aggravation as being the manager receiving the complaints from the residents that inevitably are inconvenienced while the project is in progress.

I have been a property manager in South Florida for many years, and it is rare that I could say that we are completely satisfied with all the work performed by Coast to Coast, and especially happy with the efficiency, respectful manners, and cleanliness of their employees who were uniformed for identification purpose at all times.

The management team of their company namely, Michael Brandt, Nelson Gavin and the on site Project Managers, Justin Zisquit and Carlos Reyes, promptly responded to all questions, concerns or problems, and attended our weekly meetings with the structural engineer, making my job "a breeze".

Please do not hesitate to contact me if you have any questions or if I can be of further assistance.

Best regards.
