To whom it may concern,

This letter is to confirm that Coast to Coast General Contractors, Inc. has been working on our concrete restoration, waterproofing and painting project for approximately 3 months. They continue to perform in a professional fashion while staying in constant contact with all of the parties involved. We are especially pleased with the fact that not only is the project manager constantly on site and involved with the project but also the owner and qualifier Michael Brandt. We see this project progressing ahead of the original timeline of 14 months.

Regards,

Angela Arango
